ANNUAL REPORT OF THE ROYAL BOTANIC GARDEN AND OTHER GARDENS IN CALCUTTA, AND THE LLOYD BOTANIC GARDEN, DARJEELING, FOR THE YEAR 1908-09.

No. 297T.—Medl., dated Darjeeling, the 26th May 1909.

From—H. WHEELER, Esq., Offg. Secy. to the Govt. of Bengal, Municipal Dept.,

To—The Secy. to the Govt. of India, Department of Revenue and Agriculture.

I AM directed to submit, for the information of the Government of India, a copy of the Annual Report of the Royal Botanic Garden, Calcutta, for the year 1908-09.

2. The thanks of the Lieutenant-Governor have been conveyed to Captain A. T. Gage, I.M.S., and his subordinates for the work done by them during the year.

ANNUAL REPORT

OF THE

ROYAL BOTANIC GARDEN AND OTHER GARDENS IN CALCUTTA, AND OF THE LLOYD BOTANIC GARDEN, DARJEELING,

FOR THE YEAR

1908-1909.

ROYAL BOTANIC GARDEN.

General.—The abnormal high temperature and drought that characterised the first and last few months of the year under review affected the garden to a certain extent. The garden ponds sank to an extremely low level, with which the garden pumping-engine, now almost at the end of its usefulness, had difficulty in coping, while latterly the small portable steam pump—a recent and most useful acquisition—had to be kept at work every day watering the trees and shrubs all over the garden. The survey of the garden was completed early in the year, and during the cold weather the task of ticketing the trees and shrubs was carried through. Over 13,300 trees and shrubs were carefully numbered with reference to the co-ordinated squares on the map previously prepared, and were provisionally named in a rough list. As only one number was given in cases where there were several specimens of the same species forming a group or part of an avenue, the actual number of individual trees and shrubs cultivated in the garden falls probably little short of 15,000. Considerable progress has already been made in checking the provisional identifications, but it will take some time to complete such an enormous number. This, however, must be done before a complete and accurate catalogue can be published. Continued attention has been given to combat the undermining effect of the river on certain parts of its bank and a new plan of defence, which it is hoped will prove more permanently effective than the system of driving piles, has been devised and put into execution. Towards the end of the year a beginning was made with the opening up of the Palmetum, most of the palm groups in this part of the garden having become extremely congested of late years. So far the result has been a decided enhancement of the landscape effect. A beginning has been made with the substitution of imperishable labels with raised lettering for the present painted zinc plant-labels, which readily become illegible after exposure to the weather and require constant repainting.

2. **Economic.**—The usual amount of work in the way of exchange of plants and seeds of economic importance with other countries has been done, but space does not permit of a detailed account. The introduction probably of the most economic importance during the year has been that of two new species of rubber-yielding trees. Last year the introduction through the Director of Kew of a new species of *Manihot* was chronicled, the name of which had not then been definitely ascertained. This year, however, a large consignment of seeds of two named species *Manihot dichotoma* Ule and *Manihot piauhyensis* Ule was received from the Director of the Royal Gardens, Kew. The only rubber-yielding species of *Manihot* hitherto cultivated in India is *Manihot Glaziovii*, the Ceara rubber tree. The two new species are natives of North East Brazil, as is the Ceara rubber tree and come from the neighbouring provinces of Bahia and Piauhy respectively. The importance of the present introduction lies in the much superior yield of rubber claimed for the new species. They are said to have a less hard bark, to be less liable to injury by wind or careless tapping and to give a much higher yield of good quality rubber than the Ceara rubber tree. Further, they are said to adapt themselves to cultivation in dry and comparatively unfertile areas more

readily than the latter. *Manihot dichotoma* or Jequie Maniçoba as it is called from the town of Jequie, which serves as the centre for the trade in its rubber, is a tree about 16—40 feet high, with a more compact crown and a thinner and paler bark than the Ceara tree possesses. *Manihot piauhyensis* is said to be a low tree (6—16 feet) with a broad and densely leafy crown. *Manihot dichotoma* is said to be the best for a firm loamy soil, while *Manihot piauhyensis* prefers a light sandy soil. *Manihot piauhyensis* is said to be ready for tapping from its third year of growth and *Manihot dichotoma* from its fourth year. In Brazil the trees are planted out about 1,000 to the acre. The annual yield of rubber per tree is said to be about 3·5—7 ounces for *Manihot dichotoma* with present methods, and 1lb.—2lbs. for *Manihot piauhyensis* or roughly $\frac{2}{5}$ of a ton per acre for the latter. Further details regarding those species are to be found in the Kew Bulletin of Miscellaneous Information No. 2 of 1908, from which the statements above are culled. All the available seed has now been distributed to various parts of India, but a good deal has been sown in the Garden, and next year and the following it is hoped there will be a considerable number of well-established plants available for distribution.

3. **Herbarium and Library.**—Between seventeen and eighteen thousand specimens were added to the Herbarium during the year. Of Indian plants the most important contribution was made by Mr. A. Meebold, in all nearly 9,000 specimens, chiefly from Assam, Southern India and the North-Western Himalaya. Mr. W. W. Smith, Curator of the Herbarium, collected about 3,000 specimens from the Eastern Himalaya, chiefly from the lower elevations. Mr. W. G. Craib, while officiating as Curator of the Herbarium, collected and subsequently named over 1,300 specimens from the North Cachar hills. The late Sir Harold Deane, K.C.S.I., forwarded what unhappily was his last collection of some hundred specimens from the North-Western Frontier. The accessions from outside India by gift or purchase comprise collections from Eastern Tibet and Yunnan, Java, the Philippine Islands, Australia, South Africa, North Africa, Persia, Europe and America. Over 5,000 sheets, chiefly Malayan and Himalayan specimens, have been distributed to other herbaria in and outside of India. Materials for the monographing of various natural orders and genera have been lent to botanists in India, Java, Great Britain, Hungary and Germany. Much of the Curator's time has been occupied in overtaking the arrears which accumulated during the long period the post was vacant. During the rains Herbarium work was entirely disorganised for about two months owing to serious leakage in the Herbarium roof, necessitating extensive repairs by the Department of Public Works. Library work has been of a normal routine character, calling for no special remarks.

4. **Publications.**—During the year Part 2 of Volume VI and Volume XI of the Annals of the Garden were issued from the press. The first comprises a Memoir by Professor G. S. and Mr. W. West, of 85 pages with 7 plates on Algae from Burma, and forms a valuable contribution to the Cryptogamic Botany of the East. The second is a magnificent monograph on the climbing palms of the genus *Calamus*, of over 500 pages with 238 double plates, by Signor Odoardo Beccari, the distinguished Italian botanist, explorer and authority upon Palms. It forms one of the most important contributions to systematic Botany that have appeared of late years. The third volume of the Records of the Botanical Survey of India was finished during the year, Mr. W. W. Smith, Curator of the Herbarium contributing the index to the whole volume.

5. **Interchange of seeds and plants.**—Over 1,100 packets of seeds of many various species were received from institutions and individuals in all parts of the world. Over 3,000 packets of seeds of tropical, semi-tropical and temperate plants, the last from the high altitudes of the Eastern Himalaya, were issued all over the world. Seeds of economic plants as usual formed a large proportion of the distribution. Over 9,000 plants were received during the year, the principal contributors being the Director of the Royal Gardens, Kew, the Director of Agriculture, Dutch Indies, M. Buysman of Lawang, Java, and the United States Agricultural Department. Over 33,000 plants were distributed, mostly within India, and consisting chiefly of trees for road-side arboriculture, the improvement of stations generally and such like.

CALCUTTA GARDENS.

6. In connection with these gardens excellent work has been done by Mr. J. T. Johnson, the Assistant Curator, under somewhat disadvantageous circumstances. In the Eden Garden the old formal flower garden has been remodelled, and a new rose garden laid out, but lack of funds prevented the improvement of the garden in the neighbourhood of the bandstand being carried out, as was intended. In the Dalhousie Square Garden the experience of the last few years has shown the necessity of modifying the alignment of and widening certain of the paths, while narrowing others. There is scope also for better effect than at present in the treatment of the borders, and of the lawns along the tank, and it is hoped that during the coming year something will be accomplished in this direction. Considerable changes have been effected in the Curzon Garden in the way of remodelling and replanting the former rather unwieldy beds of shrubs, while several of the paths have had to be re-made. All those gardens suffer under the disadvantages of there being no provision for Durwans' quarters, or for the proper storage of tools and stores. The officer in charge is as yet unprovided with quarters nor has he so much as a room at his disposal for ordinary clerical work.

LLOYD BOTANIC GARDEN, DARJEELING.

7. This garden has been maintained in good condition throughout the year. Several of the sloping lawns have been remade, and the nursery accommodation increased by the addition of three terraces. A good deal of trouble has been caused by the presence of the cockchafer-grub, an old enemy of the garden, but means have been taken to restrict its ravages. During the year the bamboo *Arundinaria Hookeriana* flowered throughout the station and died, with the result that some handsome clumps of it in the garden have disappeared.

8. **Financial.**—The allotments for all the Gardens referred to in this Report have been spent in full, with the exception that there was a saving under salaries and establishment of Rs. 9,940-12-4 in the Royal Botanic Garden.

The revenues of Rs. 380-4 from the Royal Botanic Garden, of Rs. 152 from Hastings House, and of Rs. 240 from the Dalhousie Square Garden were paid into the Calcutta Treasury. The revenue of Rs. 38 from the Lloyd Botanic Garden was paid into the Darjeeling Treasury.

GENERAL SUMMARY.—Rain was general in all districts, Patna, Gaya, Darbhanga and Palamau excepted. In the Patna, Tirhoot and Chota Nagpur Divisions the fall was very light, and in all other districts it was moderate. The recent rain is reported to have facilitated the agricultural operations in Champaran and Howrah. Sowings of jute, paddy and other autumn crops are in progress and preparation of lands for the next season's crops continues. In parts of Darbhanga, cultivation is being retarded for want of moisture. Early sown *makai* in Patna and autumn crops in Monghyr are suffering for want of rain. Sugarcane and vegetables are doing well. There was a severe hail-storm in thana Belsand in Muzaffarpur. The price of common rice has risen in Jessore, Patna, Muzaffarpur, the Sonthal Parganas and Palamau, has fallen in Midnapore, Hooghly, Nadia, Gaya, Monghyr and Puri, and has been stationary in the remaining districts. The fodder and water-supply is fairly adequate, but in parts of Jessore, Gaya and the Sonthal Parganas, some scarcity has been felt in this respect. Cattle-disease is reported from Burdwan, Midnapore, Nadia, Murshidabad, Jessore, Gaya, Champaran, Monghyr, Purnea, Balasore, Angul, Sambalpur, Hazaribagh, Ranchi and Palamau. 747 persons were on test-works in Muzaffarpur and Bhagalpur, and 46,641 persons attended famine relief-works in Darbhanga. Gratuitous relief was given to 37,365 persons in Muzaffarpur, Darbhanga, Bhagalpur, Purnea, Puri and Palamau.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

≤, Lightning; ⁄, strong wind; t, thunder; p, passing temporary showers.

DECLARATION.

No. 999J.D.—The 3rd June 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for portion of the Jeenagora Branch of the East Indian Railway which leaves the Jharia-Pathardih line at mile 176 feet 4,481, and whereas coal mines are situate under the said land, and whereas Messrs. Ghela Panchon & Co. have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as No. 10 seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Messrs. Ghela Panchon & Co. have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Messrs. Ghela Panchon & Co. in the manner and subject to the restrictions below specified, viz.:—

(*a*) No gallery shall be driven and no coal shall be extracted in any place where the distance from the natural surface to the top of the gallery, if driven, is less than 50 feet.

(*b*) Where the distance from the natural surface to the top of the gallery, if driven, is 50 feet or more, galleries not exceeding 12 feet in width, by 12 feet in height, may be driven with centres, not less than 50 feet apart, forming pillars not less than 38 feet square, to be left unworked for the support of the acquired land.

(*c*) In all cases the mixed coal and shale lying above the true coal of the seam shall be left as a roof.

(*d*) Manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rule made under the Indian Mines Act.

(*e*) The above restrictions apply to No. 10 seam only, and to the area edged with pink on the plan, and Messrs. Ghela Panchon & Co. shall give notice under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land;

and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L.A.M.A.-No. 117 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

DECLARATION.

No. 1823J.—The 7th June 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Pathardih Link of the Bengal-Nagpur Railway as lies between mile 123·32 furlongs and mile 123·10 furlongs, and whereas coal mines are situate under the said land, and whereas the Empire Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as Nos. 13 and 14 and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Empire Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Empire Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

(*a*) No gallery shall be driven under the land acquired in any place where the distance from the natural surface to the top of the gallery, if driven, would be less than 50 feet thick.

(*b*) When the distance from the natural surface to the top of the gallery, if driven, would be more than 50 feet, the galleries shall not be more than 18 feet wide and 12 feet high, and shall have centres not less than 60 feet apart, forming pillars not less than 47 feet square to be left for the support of the acquired land. Such dimensions of centres shall apply in whatever portion of the seam, a gallery may be driven. The centres, as delineated on the working plan of the colliery, shall show at least 60 feet in each direction.

(*c*) Where it is desired to drive one gallery above another, not more than two such galleries shall be driven. They shall only be driven immediately vertically, one above and the other below, gallery over gallery and pillar over pillar, and there shall be at least 20 feet of coal vertically between the two galleries. In every case not less than 4 feet of coal shall be left to form the roof of the gallery.

(*d*) Manholes not exceeding 6 feet high, 3 feet wide, and 4 feet deep, may be made when required by any rules under the Indian Mines Act.

(*e*) The above restrictions shall apply to Nos. 13 and 14 seams only, being here taken as one seam, and to the area edged with pink on the plan L.A.M.A. No. 64A, and the Empire Coal Company, Limited, shall give notice, under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under the above area, or to work coal under any other area of acquired land, and that in all the above cases no further excavation shall

be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L.A.M.A. No. 64A signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

MURALY DHAR BANERJEE,
Professor in charge.

PATNA COLLEGE, BANKIPORE.

SESSION 1909-1910.

THE Patna College will open on the 5th July 1909. Applications should be made before this date and as early as possible. As the numbers which can be admitted are limited, preference will be given to Behari students who have read in the Patna College, or who have passed their University Examinations in the First or Second Divisions, and to Bengali students who have passed in the First Division.

Applications will not, except under special circumstances, be received after the 25th July 1909.

All applications received up to the 21st June will have prior claim, and orders will be passed on them on the 22nd. The maximum number of new admissions has been fixed at 152.

Forms of application for admission may be obtained in the College Office.

The office will be open daily during the vacation from 7 A.M. to 10 A.M., except on gazetted holidays.

V. H. JACKSON,
Offg. Principal, Patna College.

Form of Application for Admission.

I DESIRE to join the class of the Patna College and to take up the following subjects*:—

I desire to reside

Every student must reside either—

(1) with parent;

(2) in a College hostel;

(3) with guardian;

(4) in a College mess (if there is not sufficient accommodation in the hostel).

Students who wish to live with guardians must fill in forms provided for the purpose at the time of admission or within one week of taking admission. Any further delay will incur a fine of annas 2 per day. If they are in any difficulty they may apply within that time to the Principal or Professor in charge for advice.

(To be filled in by students.)

Name of student:—

Father's name and occupation:—

Father's address or present residence:—

Recognised guardian's name and occupation:—

The place of residence and address of the guardian:—

Date of birth:—

Whether the student has a horoscope; if so, whether the age given agree with it:—

Religion and caste:—

The school or college from which he passed the division in which he passed and the year in which he passed the Entrance or F. A. examination:—

The following combination of subjects may be taken up:—

(1) For the Intermediate Examination in Arts:—

							For Second Year only.
(*a*)	English, Sanskrit, or Persian. History. Logic.	(*b*)	English, Sanskrit, or Persian. Mathematics. Logic.	(*c*)	English. History. Logic. Mathematics.	(*d*)	English. Logic. Mathematics. Physics.

Profession of guardian:—

Age of guardian:—

Relationship of guardian to student:—

I desire to appoint the above named gentlemen as guardian to my son for the following reasons:—

Signature of parent.

I UNDERTAKE to act as guardian to the above named student and will hold myself responsible for his physical well-being and good conduct outside of college hours, and for the payment of all sums due from him to the college. I also undertake to furnish such reports and information concerning my ward as may be called for at any time by the Principal of the college.

Signature of guardian.

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of elementary mathematics.

(2) Careful training in survey work.

(3) Drawing, both free-hand and engineering.

(4) Elements of road-making and the construction of simple buildings.

(5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 5th July 1909.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable one year, are awarded each year on the results of the annual examination, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

(1) The Entrance Examination of an Indian University in English and mathematics.

(2) Standard VII of the Code of European schools.

(3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and mathematics (of about the same standard as the Entrance Examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 6th and 7th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their applications must give the following particulars:—

(*a*) Name, address, and occupation of father or guardian.

(*b*) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family have taken up their residence in Bihar.)

(*c*) A certificate of good moral character from last head-master.

(*d*) An attested certificate of age (showing that he is under 20 years of age).

(*e*) A medical certificate showing him to be fit for employment in the public service.

(*f*) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 7th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 5th July 1909, unless application for admission is made before 30th June 1909.

10. All candidates for admission to the school should present themselves personally at the school on 5th July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the East Indian Railway, Bhagalpur-Bausi section of the S. Railways, in the district of Bhagalpur, will be put up to sale locally at 10 o'clock on the 16th of August 1909, corresponding to the 15th Sawan, 2nd 1316 Fusli, or subsequent dates as may be postponed to.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway boundary or to plough the lands nearer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, specified in the conditions of sale below, to the undermentioned estate, situate in the district of Nadia, will be put up to sale at the Nadia Collectorate on the 21st June 1909, corresponding with 7th Ashar 1316 B.S.

(Bengali, Fusli, or Umli, according to the era current in the district.)

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

The conditions regarding the payment of a land revenue fixed in perpetuity are not applicable to estates in temporarily-settled districts in which the land revenue should be fixed for the term of the current settlement and be subject to periodical revisions on expiry of each settlement. In the case of an estate, situated in a permanently-settled area and yielding an annual rental of less than Re 1, there should be no condition regarding payment of land revenue.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

GENERAL SUMMARY.—The rainfall was general throughout the Province. It was heavy in parts of Bankura, Hooghly, Howrah, the 24-Parganas, Jessore, Darjeeling and Puri, and moderate elsewhere. Although agricultural operations have been temporarily retarded in parts of Burdwan and Bankura by continuous rain, prospects have much improved. In Bihar, ploughing of lands is being pushed on vigorously. In parts of Jessore and Patna more rain is required. Sowings of autumn crops and of winter rice are in progress. Weeding of jute has commenced. Sugarcane is doing well. The price of common rice has risen in Midnapore, Hooghly, Nadia, Jessore, Shahabad, Darbhanga, Monghyr and Manbhum, has fallen in Howrah, Patna, Muzaffarpur, Balasore, Palamau and Cooch Behar, and has been stationary in the remaining districts. Supplies of fodder and water are adequate except in parts of Jessore and Gaya. Cattle-disease is reported from Midnapore, Nadia, Jessore, Gaya, Monghyr, Purnea, the Sonthal Parganas, Angul, Ranchi, Palamau and Manbhum. 589 persons were on test-works in Muzaffarpur and Bhagalpur, and 45,407 persons attended famine relief-works in Darbhanga. Gratuitous relief was given to 38,134 persons in Muzaffarpur, Darbhanga, Bhagalpur, Purnea, Puri and Palamau.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; d, drizzling rain; p, passing temporary showers; t, thunder; ≤, lightning.

F. W. DUKE,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1600A.D.—The 10th June 1909.—It has been brought to the notice of Government that owing to over-recruitment of the ranks of the Executive Branch of the Provincial Civil Service, and of the Subordinate Civil Service, the number of qualified probationers waiting for substantive *pro tempore* and substantive appointments has been steadily increasing during the past three years. The cadre of the latter service was largely increased in 1905 and 1906 when a number of young officers were appointed to it, while many of the seniors were promoted to the Provincial Executive Service. Hence during the next few years there will be very few retirements, while among the members of this body who, though still young in the service, have already reached the higher grades, there are a number who have shown themselves to be officers of special merit and deserving of promotion. It is not the desire or intention of the Lieutenant-Governor that the Subordinate Civil Service should be made the ordinary recruiting ground for the Provincial Executive Service. But it has been found necessary to take account of the circumstances just referred to and to adopt measures to increase temporarily the existing opportunities for promotion from the one service to the other. Revised rules, which will remain in force until further orders, for admission to both these services have been drawn up and are published for general information:—

REVISED RULES FOR ADMISSION INTO THE EXECUTIVE BRANCH OF THE PROVINCIAL CIVIL SERVICE.

Definition.—The Executive Branch of the Provincial Civil Service includes Deputy Collectors and Deputy Magistrates.

Rule 1.—The Lieutenant-Governor will determine from time to time what proportion of appointments to the Executive Branch of the Provincial Civil Service shall be made (1) by promotion of selected officers who are already in the Government service, (2) by selection.

Rule 2.—It is estimated that 18 appointments in all on an average can be made annually in the cadre of Deputy Collectors and 19 probationers can be appointed in the place of the men appointed to the cadre. These probationers will be appointed in accordance with the following rules.

Rule 3.—Nine of these appointments will be made by the promotion of officers who are already in Government service. The Lieutenant-Governor is prepared to receive on the 1st of September every year nine nominations from the Board of Revenue, who will consult Commissioners of Divisions, the Commissioner of Excise, and the Director of Land Records before submitting them.

The age of an officer nominated under this rule should not exceed 40 years.

Rule 4—The Lieutenant-Governor will retain four appointments in his own hands.

Rule 5—Six nominations shall be made annually on the 1st of September by the following officers:—

Commissioners of Divisions	...	...	...	3
The Syndicate of the Calcutta University	...	...	...	3
		Total	...	6

Rule 6.—The three appointments to be made on the nomination of Commissioners will be filled in accordance with the conditions laid down in rules 7, 8 and 9. For the purposes of this rule, the duty of nominating will be exercised in the rotation prescribed in Schedule A.

Rule 7.—The indispensable qualifications for candidates for appointments under Rule 5 are (1) that the nominee is a natural-born subject of His Majesty or of a Native State; (2) that he is not under 20 or over 25 years of age; (3) that he is of good character; (4) that he is a graduate; and (5) that he is of sound health, good physique and active habits, and free from organic defect or bodily infirmity.

Rule 8.—Europeans who do not satisfy the definition of Native of India, contained in section 6, Statute 33 Victoria, Chapter 3, are not eligible for appointment to the Provincial Service without the previous sanction in each case of the Government of India. With such sanction they may be appointed if they are qualified under the conditions mentioned in Rule 7.

Rule 9(a).—Every District Officer* will submit to the Commissioner, who is to nominate in any year under rule 6 in accordance with Schedule A, on or before a date to be fixed by the latter, the names of two or three candidates (as the Commissioner may direct), belonging to families resident or domiciled in his district, for the Provincial Civil Service. In submitting these names he will give, in the Form I appended to these rules, a brief statement of the grounds of his recommendation in each case. The nominees under this rule must be non-official, but this does not exclude the nomination of Honorary Magistrates.

(*b*) Form I must be accompanied by a certificate of the Registrar of the University that the candidate has obtained a degree, a certificate of character and conduct from the Principal of the institution at which the candidate last studied for not less than one year, or from some responsible officer of Government, a medical certificate in accordance with the requirements of article 49 of the Civil Service Regulations, and evidence of the candidate's age.

* In the Presidency Division this term includes the Chairman of the Calcutta Corporation.

(*c*) The Commissioner and all the District Officers of the Division will meet on a date to be fixed by the Commissioner, and will consider the claims of all the candidates nominated. They will also call the candidates before them, and see and converse with them so as to form an opinion regarding their suitability for the public service. The Commissioner will then select two names and submit them in order of preference to the Lieutenant-Governor. With his report submitting these names, the Commissioner will submit Form I for all candidates, entering in each case, in the last column of that form, his own opinion as to the suitability of the candidate.

(*d*) Every candidate nominated by a Commissioner must be domiciled in his Division or, if the nominee himself be resident outside of the Division for the purpose of education, his family must be resident or permanently domiciled in the Division. In making nominations special attention should be paid to the importance in the Division of the community to which the nominee belongs, to social qualifications and family status and influence, to services rendered by the candidate's father and to distinctions obtained in the University.

Rule 10.—The Syndicate of the University will be invited annually to nominate six graduates of high character whom they regard as the most distinguished students of the year. The nominations will be made in accordance with the conditions laid down in rules 7 and 8. From amongst these the Lieutenant-Governor will, after enquiry, select three persons to be Probationary Deputy Magistrates, or from amongst graduates previously nominated under this rule by the Syndicate and who have not passed the age of 25 years.

Rule 11.—Every Probationary Deputy Collector must furnish, either before appointment or within a specified time after appointment, a certificate of his ability to ride signed by a District Officer or by the Joint-Magistrate in charge, or by the Commissioner or Deputy Commissioner of Police, Calcutta.

Rule 12.—The minimum term of probation will be one year. On termination of that period, appointments will be given to approved probationers as vacancies in the cadre occur. Probationers will receive a subsistence allowance of Rs. 100 per mensem. Probationers already drawing more than Rs. 100 per mensem in Government service will, however, receive an allowance equal to the salary of their former appointment, or to the pay of a Deputy Collector of the lowest grade, whichever is less.

Rule 13 (*a*).—An officer will not be confirmed in or promoted substantively *pro tempore* from the lowest grade or that to which he was on first appointment admitted, to the next grade in the cadre of his service, until he has passed the Departmental Examinations by the Lower Standard, and he will not be confirmed in the latter grade until he has passed completely by both Standards of the Departmental Examinations. All officers, who may be eligible for confirmation or promotion under this rule, will, unless considered unfit for promotion or confirmation for other reasons, be confirmed or promoted in order of seniority if vacancies are available. All officers who are confirmed or promoted will be placed above any of their seniors who may not be found qualified for confirmation or promotion, but an officer will not otherwise be entitled to supersede his seniors by reason merely of his having passed the Departmental Examinations before them.

Illustrations.—(*1*) Five officers, *A*, *B*, *C*, *D* and *E*, are appointed substantively *pro tempore* to the fifth grade of the cadre of the Subordinate Civil Service in January, February, March, April and May 1906, respectively. *C* passes the Lower Standard in May 1906, while the others do not. When promotions are made in September 1906, *C*, being otherwise fit, is confirmed and placed above *A* and *B*. In November 1906, *D* passes the Lower Standard, and in May 1907 *A*, *B* and *E* pass the same standard. Promotions are next made in September 1907. All the four officers, *A*, *B*, *D* and *E*, if otherwise fit, will then be confirmed in order of seniority, *i.e.*, in this order, and *D* will not be entitled to pass over *A* and *B* on account of his having passed earlier.

(*2*) Five officers, *A*, *B*, *C*, *D* and *E*, are promoted substantively *pro tempore* to the seventh grade of the cadre of the Provincial Civil Service in January, February, March, April and May 1906, respectively. *C* passes the Higher Standard in May 1906, while the others do not. When promotions are made in September 1906, *C*, being otherwise fit, is confirmed in the seventh grade and placed above *A* and *B*. In November 1906, *D* passes the Higher Standard, and in May 1907, *A*, *B* and *E* pass the same standard. Promotions are next made in September 1907. All the four officers, *A*, *B*, *D* and *E*, if otherwise fit, will then be confirmed in order of seniority, *i.e.*, in this order, and *D* will not be entitled to pass over *A* and *B* on account of his having passed earlier.

(*b*) Officers of the Subordinate Civil Service who have been promoted to the Executive Branch of the Provincial Civil Service after having passed the Departmental Examinations will ordinarily not be held eligible for confirmation till officers appointed direct to the latter service at the same time or before them have had a reasonable opportunity of passing the Lower Standard. They will ordinarily have to wait one year, but the case of each officer will be considered on its merits to prevent hardship in individual cases.

Illustration.—*A* and *B* are appointed Probationary Deputy Collectors in October 1906 in this order. *B* is an officer who has been promoted from the Subordinate Civil Service and has passed his Departmental Examinations; *A* was appointed direct. In May 1907 they are both appointed substantive *pro tempore* Deputy Collectors of the eighth grade. In the Departmental Examination of May 1907, *A* fails. Promotions and confirmations are made in September. *A* not having passed cannot be confirmed in the eighth grade, nor will *B*, as *A* has not had a reasonable opportunity of passing his examinations. In November 1907 *A* fails again. Promotions and confirmations are next made in January 1908. *A* will not be confirmed but *B* will, if fit and there are vacancies, be confirmed and supersede *A*.

(*c*) Any officer who does not pass by the first standard of examination, at or before the first examination held two years after his first appointment as probationer will be liable to be removed, unless it shall be shown that any special circumstances entitle him to consideration; and if he does not pass within a year subsequently unless prevented by sickness or other circumstances really beyond his control, he will without fail be removed from the service.

(*d*) Officers will be expected to pass by the second standard of examination within two years of the time of their passing by the first standard, and if they fail to do so, the propriety of retaining them in the public service will be considered.

Rule 14.—Promotion to grades below that on Rs 500 a month will ordinarily be given according to seniority, subject to fitness and approved conduct. But the Lieutenant-Governor reserves to himself the right to make promotion to the senior grades of the Provincial Service by special selection for merit without regard to seniority, and hereby declares that seniority alone shall not give a claim to appointment to the grade on Rs. 500 or higher grades.

Rule 15.—No member of the Provincial Service shall be dismissed otherwise than on the result of a judicial or formal departmental enquiry.

REVISED RULES FOR ADMISSION TO THE SUBORDINATE CIVIL SERVICE.

Definition.—The Subordinate Civil Service includes Sub-Deputy Collectorship and any other appointments which the Lieutenant-Governor may from time to time specifically declare to be included therein.

Rule 1.—Eleven appointments of Probationary Sub-Deputy Collectors will be made annually. Seven of these appointments will be made from among nominations by Commissioners of Divisions made in the manner prescribed in Rules 7 and 9 of the Rules for admission into the Executive Branch of the Provincial Civil Service. The Lieutenant-Governor will retain four appointments in his own hands.

Rule 2.—Rules 11, 12 and 13 of the Rules for admission into the Executive Branch of the Provincial Civil Service apply *mutatis mutandis* to the Subordinate Civil Service also. The usual subsistence allowance of Probationary Sub-Deputy Collectors will, however, be Rs. 50 per mensem.

Rule 3.—Three * appointments will be made on the nomination of the Board of Revenue from among officers serving in departments under them. A nominee under this rule must not ordinarily exceed 40 years of age.

FORM I.

Column 1.—Name of candidate and address in full.
" 2.—Father's name, profession or occupation, and address in full.
" 3.—Religion and caste or race.
" 4.—Date of birth (day and month to be given).

The College fees will be Rs. 6 per month.

Eight scholarships of Rs. 10 a month, tenable for one year, have been established. Four of these will be open to competition among students of the first-year class, and the other four among the students of the second-year class. The scholarships will be awarded towards the end of September upon the result of a College test to be held at that time. They will take effect retrospectively from July. In future years, the scholarships, tenable by second-year students, will be awarded upon the result of a College test to be held at the end of the first year.

Two scholarships of Rs. 32 a month, each tenable for two years, have been established to be open to competition among students who have prosecuted their studies in the University Law College not less than a year. The award will be made upon the result of the Final Examination in Law and on condition that the recipients do prosecute a course of study for the M. L. Examination under the direction of the Principal.

Provision will also be made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 15th June 1909.

Students are recommended in all cases to take their admission before the 1st July 1909. The first-year class and the second-year class will be opened simultaneously.

The College classes will be held ordinarily from 9 A.M. to 11-15 A.M.

All applications for admission are to be addressed to the Registrar, Senate House, Calcutta, to whom any application for further information may be sent.

Midnapore Collectorate, the 22nd May 1909.

R. G. Kilby, Collector of Midnapore.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the East Indian Railway, Bhagalpur-Bausi section of the S. Railways, in the district of Bhagalpur, will be put up to sale locally at 10 o'clock on the 16th of August 1909, corresponding to the 15th Sawan, 2nd 1316 Fusli, or subsequent dates as may be postponed to.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway boundary or to plough the lands nearer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

Hooghly, the 10th May 1909.

RASIK LAL SEN, Collector under Act I of 1894.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, specified in the conditions of sale below, to the undermentioned estate, situate in the district of Nadia, will be put up to sale at the Nadia Collectorate on the 21st June 1909, corresponding with 7th Ashar 1316 B.S.

(Bengali, Fusli, or Umli, according to the era current in the district.)

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

The conditions regarding the payment of a land revenue fixed in perpetuity are not applicable to estates in temporarily-settled districts in which the land revenue should be fixed for the term of the current settlement and be subject to periodical revisions on expiry of each settlement. In the case of an estate, situated in a permanently-settled area and yielding an annual rental of less than Re 1, there should be no condition regarding payment of land revenue.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras,
or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

REPORT ON THE WORKING OF THE STEAM TRAWLER *GOLDEN CROWN*.

THE following papers are published for general information.

F. W. DUKE,
Offg. Chief Secy. to the Govt. of Bengal.

CALCUTTA,
The 8th June 1909.

Report on the working of the Government steam trawler Golden Crown *for the quarter ending 31st March 1909.*

DURING the quarter under review the *Golden Crown* made six voyages to the Bay of Bengal, this being one less than that of the previous quarter.

The dates of these voyages were:—

1. December 30th, 1908 to January 7th, 1909.
2. January 11th to 19th, 1909.
3. January 23rd to 29th, 1909.
4. February 9th to 15th, 1909.
5. February 19th to 27th, 1909.
6. March 5th to 15th, 1909.

Although the first voyage was commenced during the December quarter, fishing did not start until January, so the results are included here. The trawler also left for sea again on March 30th. At a meeting of the Fishery Board held on 19th March it was decided that the trawler should not go to

sea until certain alterations had been made, and this is the reason why one trip less was made during the quarter.

Details of Journeys.

To facilitate comparison with the previous quarter the above dates include the whole time the ship was away from port. The total number of days is thus 53, this being one more than the previous quarter. The average length of voyage is, however, 8⅝ days, as compared with 7⅞ for the previous quarter. This is an improvement, since, as will be seen later, with practically the same quantity of fish the expenses must be less, since one charge or pilotage dues has been saved as well as the coal bill for an extra journey.

Very probably if two longer journeys per month were made more fish would be caught, since the vessel would be longer on the fishing grounds and expenses would be lower. The actual number of days during which fishing operations were carried on was 31¼; during January 14¾; during February 8¼ and during March 7¾. This number is somewhat less—nearly four days—than for the previous quarter, although the trawler was one day more away from the port. This is partly due to the fact that longer voyages were made and more distant grounds visited, and also partly to the damage done to the nets owing to the rockier nature of the ground trawled over, the necessary repairs causing frequent delays, since, as was explained in the previous report, the *Golden Crown* can only trawl with her port gear.

The first voyage was to the Arakan coast, where trawling was tried in the neighbourhood of Elephant Point and subsequently off St. Martin's Reef and Oyster Isle (near Akyab). Then a course was set for the Orissa coast and fishing was tried off Konarak.

During the second voyage the ground trawled over was off the entrance to the Eastern Channel, in nearly 30 fathoms water, and the same ground was again trawled over during the 3rd and 4th voyages. On the fifth voyage trawling was tried first of all off Konarak and then off Gopalpur in 27 fathoms. After a few hauls at Gopalpur we steamed back to Puri and from there trawled back to Konarak. Later trawling was tried off the entrance to the Eastern Channel and down nearly as far as Mutla Lightship. The last voyage of the quarter was to the Orissa and Ganjam Coast Trawling was tried off Konarak, Puri, Gopalpur, Sonapur, Rati, Pundi and Baruva, mainly in depths from 20 to 30 fathoms.

Weight of fish landed.

During this quarter all fish put below into the hold has been weighed. It is perhaps as well to emphasise here that sharks and sawfish are not included in the totals mentioned below.

The total weight of edible fish was :—

1	...	...	...	4,262 lbs.
2	...	...	...	19,020 ,,
3	...	...	...	13,914 ,,
4	...	...	...	17,989 ,,
5	...	...	...	8,958 ,,
6	...	...	...	17,977 ,,
				82,120 lbs., or 36½ tons approximately.

The details of these catches are submitted in an appendix.

During the quarter the average catch per day's absence from Port of the *Golden Crown* was 13·80 cwts.; and the average duration of voyage 8·84 days.

For each day's fishing the quantity of fish caught was nearly 23 cwts.

Conclusion.

It has been found impossible to bring the list of species captured up-to-date. From the material already examined it is apparent that quite a number of species, not previously captured by the *Golden Crown*, have been obtained and several of these are marketable fish of excellent appearance and taste.

THE DRYING HOUSE FACTORY AT AHIREEPOOKER ROAD.

A SMALL model factory was started at 36, Ahireepooker Road, in order to experiment in the preparation of isinglass, fish-oil and fish manure from fish brought in by the *Golden Crown*. The oil is extracted by a simple process from the fish livers by heating them with water, the refuse being utilised as manure. The oils extracted from different species and the manure were sent to the Reporter on Economic Products for analysis and the result is given below. From Mr. Hooper's analysis of the isinglass prepared at the factory, it will be seen that the process in use is still capable of great improvement. These experiments have been undertaken in order to ascertain, if these articles have any commercial value and it is gratifying to find that the despatch of samples of the present imperfect products to well known firms in the United Kingdom produced immediate orders for large consignments. But it is not, of course, the intention of Government to embark in any commercial enterprise and the efforts of the department will be confined to improving the processes of manufacture.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR MAY 1909.

Character of the season.—The rainfall, although general throughout the Province, was below the average in all districts, excepting Khulna, where it was slightly in excess. The usual rainfall table is appended.

II.—*Progress of agricultural operations.*—Good rain in April with the showers received in May enabled much progress to be made in the preparation of lands for the early monsoon crops. The sowing of autumn paddy was generally in full swing throughout the month. Towards the latter part of the month, however, sowings were checked in parts of Burdwan, Jessore, Darbhanga and Monghyr for want of moisture.

III.—*State of standing crops.*—Sugarcane and other standing crops were greatly benefited by the rainfall, and present prospects of these crops are reported to be favourable.

IV.—*Prospects and probable outturn of harvests.*—Prospects of the autumn crops are so far good.

V.—*Damage to crops.*—No serious damage has been reported, except in Purnea, where a large portion of the mango crop was destroyed by a cyclone. The early sown autumn crops suffered in parts of Patna and Monghyr for want of timely rain.

VI.—*Condition of agricultural stock.*—Cattle are reported to be in fair condition, but rinderpest was prevalent in parts of Nadia and Sambalpur. Ordinary cattle-diseases were reported from all districts, except Birbhum, Bankura, Saran, Darjeeling, Cuttack and Singhbhum.

VII.—*Failure of pasturage and fodder.*—The rain greatly improved the supplies of fodder and water. Deficiency of these supplies was reported only from parts of Murshidabad, Jessore, Gaya, Darbhanga, Monghyr and the Sonthal Parganas.

VIII.—*Prices of food-grains.*—The price of common rice showed a tendency to rise. During the latter part of May the price of coarse rice rose in 11 districts, fell in 7 districts, and was stationary in the remaining districts. It varied from 8 seers in Purnea to 15 seers in Angul. Prices of staple food-grains were easier than in the corresponding period of last year.

IX.—*Condition of labouring classes and agricultural population.*—Agricultural operations were in full swing throughout the Province and provided ample employment for agricultural labourers. The condition in the districts where scarcity prevails appears to have improved. The number of persons on test-works, although showing an increase at the beginning of the month fell towards its end. Large numbers are still attending famine relief-works in Darbhanga, and gratuitous relief is still being given in Darbhanga, Muzaffarpur, Bhagalpur, Purnea and Palamau.

† The report is for the week ending the 5th June 1909.

GENERAL SUMMARY.—The rainfall during the week under report was general all over the Province, the fall being very heavy in Bihar and also in Birbhum, Darjeeling and Cooch Behar. A fall of 19·04 inches was recorded at Darjeeling and of 36·35 inches at Cooch Behar. In North Bihar and in the Bhagalpur Division, as well as in parts of Birbhum, Murshidabad, Jessore, Patna, Shahabad, and Sambalpur the rainfall varied from 7·18 to 15·35 inches. The recent rain has temporarily retarded agricultural work in parts of Bankura, Champaran, Purnea and the Sonthal Parganas, but will be very beneficial for ploughing and sowing. Prospects of standing crops have improved. Jute and sugarcane are doing well. The price of common rice has risen in Bankura, Midnapore, Hooghly, the 24-Parganas, Gaya, Champaran, Monghyr, the Sonthal Parganas, Balasore and Sambalpur, and has fallen in Nadia and Jessore. Rinderpest is prevalent in parts of Nadia and Sambalpur. Ordinary cattle-disease is reported from Midnapore, Jessore, Gaya, Muzaffarpur, Purnea, the Sonthal Parganas, Angul, Puri, Ranchi, Palamau and Manbhum. Supplies of fodder and water are adequate. The water-supply difficulties in North Bihar have been fully relieved by the recent rain. Test-works in Muzaffarpur were not attended owing to heavy rain. 511 persons were on test-works in Bhagalpur. In Darbhanga 3,324 persons attended famine relief-works as against 45, 407 persons in the previous week. This very large reduction was due to the heavy rainfall. Gratuitous relief was given to 29,378 persons in Muzaffarpur, Darbhanga, Bhagalpur, Purnea and Palamau.

SUMMARY OF RAINFALL OBSERVATIONS TAKEN IN BENGAL DURING THE MONTH OF MAY 1909.

During the month of May, the rainfall was below the average in all districts, Khulna excepted, where it was in slight excess. In Burdwan, Midnapore, Hooghly, 24-Parganas, Nadia and Jessore in South-West Bengal, the fall was about normal In Bihar, Orissa and Chota Nagpur it was very scanty, especially in the districts of Patna, Gaya, Shahabad, Saran, Monghyr, Sambalpore, Hazaribagh and Palamau. On the average South-West Bengal received 4·41, Bihar 0·93, Orissa 3·96, and Chota Nagpur 2·28 inches of rain. The departure from the normal was —0·97 in South-West Bengal, —1·48 in Bihar, —0·19 in Orissa, and —1 26 in Chota Nagpur.

The following table gives full data for comparison of the actual and normal rainfall of the month of May for all districts of the province. The figures are derived from the average and actual rainfall of the rain-reporting stations in each district.

The first column gives the normal or average district rainfall as determined from the observations of past years. The second column gives the actual district rainfall as determined from the actual rainfall of the month at the reporting stations in each district. The third column expresses the ratio of the actual district rainfall of the past month to the normal rainfall as a percentage. The fourth column gives the same information as the third in a slightly

different form, stating as a percentage how much the district rainfall of the month varied in excess or defect from the normal :—

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; d, drizzling rain; p, passing temporary showers; g, dark gloomy; t, thunder; <, lightning.

DECLARATION.

No. 1271J.D.—The 19th June 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the support of the whole of the Jamuria colliery siding branching off the Toposi-Baraboni Relieving line at mile 3 feet 4,262 and that part of the Toposi-Baraboni Relieving line which lies between mile 3 feet 3,510 and mile 3 feet 4,262, and whereas coal mines are situate under the said land, and whereas the Equitable Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the Sibpur Seam beneath the siding and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Equitable Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Burdwan.

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Equitable Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

Under the acquired land, shown edged with pink on the plan.

(*a*) Solid coal pillars may be formed with sides not less than 48 feet long in the direction of strike and 58 feet long in the direction of dip. They shall be left unworked;

(*b*) The galleries shall not exceed 12 feet in width and 12 feet in height;

(*c*) Manholes not exceeding 6 feet in height, 3 feet in width and 4 feet in depth may be made where required by any rule made under the Indian Mines Act, 1901;

(*d*) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay;

(*e*) The Declaration applies only to the Sibpur Seam and to the area edged with pink on the plan;

If it is desired to work any other seam under this area, the working thereof must be the subject of a separate notice under section IV of the Land Acquisition (Mines) Act, 1885;

and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, excepting in accordance with paragraph (*b*) the actual heights and widths of which have been carefully recorded on the plan marked LAMA No. 123 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India.

LAND SALE NOTICES.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Jessore, will be put up to sale at the Narail Subdivisional office on the 30th July 1909, corresponding with 14th Sraban 1316 B.S.

The purchasers will be subject to the following conditions of sale :—

1st.—The estates to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to the existing leases and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Midnapore Collectorate, the 22nd May 1909. R. G. KILBY, Collector of Midnapore.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the East Indian Railway, Bhagalpur-Sausi section of the E. Railways, in the district of Bhagalpur, will be put up to sale locally at 10 o'clock on the 16th of August 1909, corresponding to the 15th Sawan, 2nd 1316 Fusli, or subsequent dates as may be postponed to.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway boundary or to plough the lands nearer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

OR

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Proceedings of the Bengal Legislative Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

Abstract of the Proceedings of the Council of the Lieutenant-Governor of Bengal, assembled under the provisions of the Indian Councils Acts, 1861 and 1892.

THE Council met in the Durbar Hall at Government House, Darjeeling, on Wednesday, the 16th June, 1909, at 11 A.M.

Present:

The Hon'ble SIR EDWARD BAKER, K.C.S.I., Lieutenant-Governor of Bengal, *presiding*.

The Hon'ble MR. F. A. SLACKE, C.S.I.

The Hon'ble MR. W. C. MACPHERSON, C.S.I.

The Hon'ble MR. E. W. COLLIN.

The Hon'ble MR. F. W. DUKE.

The Hon'ble MR. J. G. CUMMING.

The Hon'ble MR. H. WHEELER.

The Hon'ble MR. A. S. THOMSON.

The Hon'ble MR. E. P. CHAPMAN.

The Hon'ble MR. E. GEAKE.

The Hon'ble SIR BIJAY MAHTAB, K.C.I.E., MAHARAJADHIRAJA BAHADUR OF BURDWAN.

The Hon'ble MR. M. S. DAS, C.I.E.

NEW MEMBERS.

The Hon'ble MR. H. WHEELER and the Hon'ble MR. E. GEAKE took their seats in Council.

QUESTIONS AND ANSWERS.

MIDNAPORE CONSPIRACY CASE.

The Hon'ble SIR BIJAY MAHTAB, MAHARAJADHIRAJA BAHADUR of Burdwan, asked :—

(*a*) Is the Government prepared to make any statement regarding the nature and scope of the inquiry which is to be conducted by Mr. Macpherson into the Midnapore Conspiracy Case ?

(*b*) Is it intended that the proceedings shall be open to the public ?

The Hon'ble MR. DUKE replied :—

"I lay on the table a copy of the instructions which have been issued to Mr. Macpherson, and in which the nature and scope of the inquiry are set forth.

"In regard to the second part of the question, Government does not propose to issue any special orders. No doubt some parts of the proceedings will be of such a character that they might be conducted in public without objection, but other parts will probably be of a delicate and even confidential character, and it might gravely imperil the success of the investigation if they should be made public prematurely. As stated in the last clause of the instructions, the Lieutenant-Governor does not intend to fetter the discretion of the Commissioner in the conduct of the inquiry."

Annexure to the above reply.

MEMORANDUM OF INSTRUCTIONS.

THE High Court have now disposed of the appeal in the Midnapore Conspiracy Case. All the accused have been acquitted and severe strictures have been passed by the Hon'ble Judges on the methods adopted by the police and other officers responsible for the prosecution. The time has accordingly come to set on foot the inquiry into the inception and conduct of the case, which, in answer to the allegations made by Mr. Dutt and others during the magisterial proceedings, the Government had expressed its readiness to institute when the judicial proceedings should be concluded.

The Lieutenant-Governor has decided to entrust the inquiry to Mr. D. J. Macpherson, C.I.E., Commissioner of the Burdwan Division, who assumed charge in the middle of November, when proceedings before the committing Magistrate were already far advanced. The following notes regarding the subjects to which his attention should be directed are recorded for his guidance :—

HEADS OF INQUIRY.

1. The suggestion that the Midnapore Conspiracy Case was not genuine and did not proceed from *bonâ fide* information honestly obtained was first definitely made in Mr. Dutt's telegram of the 17th August, 1908, and the letter of the 27th idem, with which he followed it up. The first step should therefore be to examine the evidence which may be forthcoming in support of the allegations made by Mr. Dutt in the documents referred to and any other evidence which Mr. Macpherson may think likely to throw light on the subject.

2. But apart from such allegations, in view of the result of the prosecutions, another branch of the inquiry will be to ascertain whether the information upon which the proceedings were based was worthy of the credit which it received ; whether the proceedings themselves were properly conducted, and whether, as a matter of fact, the case was at the bottom a genuine one.

3. It is necessary therefore to consider whether the police and district authorities had grounds for suspecting that there was something going on at Midnapore which required special vigilance, and in the next place whether the measures they took to ascertain what was going on were reasonable and proper.

4. Further, it is necessary to ascertain whether the information which they obtained was properly dealt with, whether the tests and scrutiny which

could be applied were applied, and whether all important information subsequently stated to have been received by the police was duly and promptly brought to the notice of the superior authorities in the district or of the Criminal Investigation Department as it was received.

5. It should also be ascertained whether the information obtained was so important and apparently so trustworthy as to demand decisive action, and whether the action actually taken was appropriate.

6. Next, it should be determined whether, after decisive action had been taken, accused persons arrested and a case instituted, the conduct of the case by the police was right and legal, the treatment of the accused persons while in custody both in jail and out of it was fair and in accordance with law, and the supervision by the District Magistrate and his staff was attentively and anxiously directed to further the ends of justice. For this purpose the officers whose conduct has been impugned should have the fullest opportunity of explaining matters and of directing attention to any evidence which may be available and to any means of eliciting information on material points.

7. Lastly, it is necessary to arrive at general conclusions as to whether there was at bottom a genuine case requiring action, and whether the conduct of officers of all ranks in relation to it was fair and straightforward and such as could be attributed to honest zeal in the performance of their duty.

8. It is believed that these instructions will cover all the points affecting the action of the local officers, to which attention has been directed in the judgment of the High Court If, however, that should prove not to be the case, it should be clearly understood that the inquiry is intended to extend to all such matters, and that the report should deal with them with such completeness as may be requisite.

9. It will be clearly understood that the present inquiry is neither exclusively nor even primarily restricted to the individuals or the circumstances lately under consideration by the High Court. The Lieutenant-Governor desires that it should include everything which in the Commissioner's opinion is likely to throw light on the existence of a conspiracy directed against the Government and the persons, if any, concerned therein, whether they have appeared before the Courts or not.

Subject to these instructions, entire discretion is left to Mr. Macpherson as to his procedure and methods in the conduct of the inquiry.

THE BENGAL EXCISE BILL, 1909.

The Hon'ble Mr. Macpherson moved that the Hon'ble Mr. Wheeler and the Hon'ble Mr. Geake be added to the Select Committee on the Bill to consolidate and amend the Excise Law in Bengal.

He said:—"The Hon'ble Mr. Oldham, who was appointed to be a member of the Select Committee at a former meeting, is no longer on the Council. I beg to move that the Hon'ble Mr. Wheeler and the Hon'ble Mr. Geake be added to the Select Committee. I may mention that the opinions received on the Bill have been printed and circulated to all Members of Council, and that a précis of the opinions, arranged clause by clause, has been circulated to members of the Select Committee. It is hoped that the Select Committee will meet in Calcutta the day after to-morrow, and that our Report may be submitted at the end of June or beginning of July, and that it will be presented to the Council at its first meeting in July.

"I now ask, Sir, that the motion which stands in my name be put to the Council."

The motion was put and agreed to.

The Council was then adjourned to the 13th July, 1909, to meet then in Calcutta.

CALCUTTA,
The 22nd June, 1909.

F. G. WIGLEY,
Secretary to the Bengal Council.

No. 226 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 629 of 1909), are republished:—

Subject.—The position and description of Dominga shoal, southward of Mindoro island, are as undermentioned. The coastline of Tambaron island is incorrectly shown on the charts and should be amended as described below:

1. Dominga shoal:

Amended position.—About 2¼ miles, S. 27° E., from position shown on charts.

Lat. 12° 1′ 18″ N., long. 121° 8′ 35″ E., on chart No. 971.

Depth.—3½ fathoms in the position given above.
Description.—About 1¼ miles in extent within the 10-fathom line in a N. W. and S.E. direction, and three-quarters of a mile wide, the least water being near the centre.
Remarks.—Corregidor shoal, shown on the charts in lat. 12° 0¼′ N., long. 121° 9′ E., does not exist, and should be expunged.

2. Tambaron island:

Position.—Lat. 12° 15¾′ N.; long. 121° 22′ E.
Amendment.—The north-east extreme of the island extends about 2½ cables further to the northward than is shown on the chart, thus narrowing the passage between the island and the main to about one cable in width.

Subject.—The undermentioned information with regard to Dohrab island, and the existence of certain shoals near the eastern shore of the Red Sea, has been recently received.

1. Dohrab island:

Position on Chart.—Lat. 16° 19′ N., long. 41° 53½′ E.
Remarks.—This island is reported to lie about 4 miles further to the eastward than is shown on the chart.

The beacon on the south-east point of the island does not exist.

2. Reef north-eastward of Dohrab island:—

Position.—At a distance of about 6 miles, N. 47° E., from the beacon near the centre of the island.

Lat. 16° 23′ N., long. 41° 58′ E.

Depth—4 fathoms.
Description.—About 1 mile long in an east and west direction, and 2 cables wide.

3. Extension of reef westward of Kamaran island:—

Position.—Lat. 15° 21′ N., long. 42° 22½′ E.
Remarks.—The shoal (4 fathoms), shown on the chart in the position given above, apparently extends considerably further to the southward, a depth of 7 fathoms having been obtained about 3½ miles from it in this direction.

A note to the above effect has been placed on the chart.

RESOLUTION ON THE ANNUAL REPORT ON THE WORKING OF THE SHIPPING OFFICES AT CALCUTTA AND AT THE PORTS OF ORISSA FOR THE YEAR 1908-09.

No. 1469 Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 21st June 1909.

RESOLUTION.

Annual Report on the Working of the Shipping Offices at Calcutta and at the Ports of Orissa for the year 1908-09.

READ—

Letter from the Commissioner of the Orissa Division, No. 2800., dated the 6th May 1909.

Letter from the Shipping Master, Calcutta, No. S.-246, dated the 6th May 1909.

Financial result.

The receipts of the Calcutta Shipping Office during the year 1908-09 amounted to Rs. 85,005, against Rs. 80,453 in the previous year. This shows an increase of Rs. 4,552, which was attributable to increased sums received for shipping and discharging

fees, to sums outstanding for last year, to increased transactions afloat and larger recoveries from masters of vessels on account of fines.

The expenditure was Rs. 45,280 as compared with Rs. 42,112 in the previous year. One of the reasons for the increased expenditure was the revision of the establishment of the Shipping Office, Calcutta.

Administration of Trust Funds.

Four Trust Funds are administered by the Shipping Master, Calcutta. The receipts of the funds amounted to Rs. 70,937 which, with the opening balance of Rs. 13,546, brought the total transactions to Rs. 84,483. The disbursements were Rs. 66,696 leaving a balance of Rs. 14,929 exclusive of a sum of Rs. 2,858 which lapsed to the State.

Seamen shipped and discharged.

The statement below shows the number of seamen shipped and discharged under European and Indian articles at the Shipping Offices, Calcutta and Kidderpore, during the year 1908-09 as compared with the year 1907-08 :—

Shipped.

	1907-08.	1908-09.	Increase.	Decrease.
European articles	581	696	115	...
Indian „	39,775	39,344	...	431

Discharged.

European articles	752	804	52	...
Indian „	34,418	34,941	523	...

The increase in the shipments and discharges under European articles was due to a certain extent to the preference to Chinese seamen.

The decrease in the shipment under Indian articles was attributable to a larger number of men having been engaged on Coasting articles.

The increase in the discharges under the Indian articles was accounted for by a larger number of vessels having arrived from outports and discharged their crews at the Shipping Office.

Seamen shipped by Foreign Consuls.

The number of seamen shipped and discharged during the year by Foreign Consuls was respectively 107 and 89.

Repatriation of seamen.

During the year 1908-09, 85 seamen were repatriated under the distressed seamen's Regulations, against 34 in the previous year. The owners of vessels are liable for the expenses incurred under section 34 of the Merchant Shipping Act, 1906.

Seamen's money-orders.

The sum remitted by European seamen to their relatives was Rs. 20,955 in the year 1908-09, against Rs. 12,915 in the preceding year. This increase in the value of the money-order was due to a large number of European seamen having been discharged at the port, and taken advantage of the reduction in the Board of Trade commission from 3*d.* to 1*d.* in the pound.

Complaints.

Complaints as regards the quality of provisions on board four vessels were found to be well grounded, and in each case the Port Health Officer condemned the articles of food complained of.

Seamen shipped and discharged at Orissa Ports.

No seamen were shipped or discharged during the year 1908-09 at False Point.

By order of the Lieutenant-Governor of Bengal,

T. BUTLER,

Secretary.

GENERAL SUMMARY.—The rainfall during the week was general and was again heavy in the Tirhut Division, as well as in parts of Midnapore, the 24-Parganas, Jessore, Khulna and Cooch Behar. Cultivation and sowings on low lands in Howrah, Patna and Muzaffarpur have been retarded. Transplantation of paddy has commenced in Burdwan, Champaran, Muzaffarpur, Darbhanga, Cuttack, Balasore and Cooch Behar, but it had to be stopped in parts of Burdwan for want of rain. Sowing of autumn crops continues. Jute and sugarcane are doing well. Damage by insect pests to autumn paddy is reported from Nadia and Jessore. Floods have done some injury to jute, sugarcane, *til* and autumn paddy in the Kandi subdivision of Murshidabad and to maize and *mung* in Purnea. The price of common rice has risen in Midnapore, Nadia, Murshidabad, Jessore, Gaya, Shahabad, Saran, Muzaffarpur and Puri, and has fallen in Hooghly, Champaran and Bhagalpur. Rinderpest is prevalent in parts of Sambalpur and cases of cattle-disease are reported from Burdwan, Jessore, Patna, Gaya, Muzaffarpur, Purnea, the Sonthal Parganas, Angul, Puri, Ranchi, Palamau and Manbhum. The fodder and water supply is sufficient throughout the Province. The test-works in Muzaffarpur have been closed. Figures for Bhagalpur have not been received The number of persons on gratuitous relief in Muzffarpur, Darbhanga, Purnea and Palamau was 27,517, and 9,559 persons attended famine relief-works in Darbhanga.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; g, dark gloomy; d, drizzling rain; p, passing temporary showers; t, thunder; ≤, lightning; ⚡, strong wind; K, thunderstorm.

NOTIFICATIONS.

No. 2069For.—The 22nd June 1909.—In exercise of the powers conferred by clauses (*a*) and (*c*) of section 29 of the Indian Forest Act, 1878 (VII of 1878), the Lieutenant-Governor is pleased to declare that, in the undemarcated blocks of the Protected Forests in the Porahat estate, in the district of Singhbhum, and with effect from the date of the publication of this notification in the *Calcutta Gazette*,—

Singhbhum.

(I) the following species of trees shall be reserved, namely :—

(1) Sal (*Shorea robusta*),
(2) Asan (*Terminalia tomentosa*),
(3) Kusum (*Schleichera trijuga*),
(4) Mango (*Mangifera indica*), and
(5) Mahua (*Bassia latifolia*), and

(II) the following acts shall, subject to any rule made in respect of the said blocks under section 31 of the said Act, be prohibited, namely :—

(*a*) the quarrying of stone ;
(*b*) the burning of lime or charcoal ;
(*c*) the collection or subjection to any manufacturing process, or the removal, of any of the following kinds of forest produce, namely :—

(*i*) trees of any reserved species ;
(*ii*) trees which are over three feet in girth at a height of three feet from the ground ;
(*iii*) peat ;
(*iv*) surface-soil, and
(*v*) rock and minerals (including limestone, laterite, mineral oils, and all products of mines or quarries) ; and

(*d*) the breaking up or clearing, for any purpose, of any land which is not suitable for permanent cultivation.

Singhbhum.

No. 2070For.—The 22nd June 1909.—In exercise of the powers conferred by section 31 of the Indian Forest Act, 1878 (VII of 1878), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following rules to regulate the taking of forest produce, the pasturing of cattle, and the clearing of land for cultivation, in the undemarcated blocks of the Protected Forest, in the Porahat Estate, in the district of Singhbhum :—

Rules.

Prohibition of certain acts, except as provided by these rules.

1. No person shall cut, convert or remove trees or timber, or collect or remove forest produce or pasture cattle, or clear land for cultivation, except as provided by these rules.

Right of recorded tenants to take forest produce for private use, to pasture cattle and to clear land for cultivation.

2. Any persons who have been recorded at the last settlement of the Porahat Estate as tenants having a right to take forest produce, whether in *khas*, *khorposh* or *brahmottar* villages, may do any of the following acts, free of charge, within such part of any undemarcated forest as lies within the boundaries of their respective villages, namely :—

(1) take any of the forest produce for their own private use, but not for sale or barter ;
(2) pasture any cattle which are *bonâ fide* their own property ;
(3) clear for cultivation any land on which they *bonâ fide* intend to establish permanent cultivation :

Provided as follows :—

(*a*) this rule shall not extend to professional graziers ;
(*b*) if the inhabitants of any village habitually infringe, or permit the infringement of, any of these rules, the Deputy Commissioner may, by order in writing, withdraw from them, for a period not exceeding five years, the privileges conferred by this rule.

Application of rule 2 to villagers.

3. Any resident of any village in the Porahat Estate may be authorised by the Deputy Commissioner to do any of the acts mentioned in rule 2, free of charge, in any area set apart for the purpose by the Deputy Commissioner.

Grant of licenses to take, fell or remove forest produce.

4. (*1*) Licenses may be granted by the Forest Officer—

(*a*) to any inhabitant of a town or village in the vicinity of an undemarcated forest authorising him to take trees, timber or other forest produce therefrom for his own use ; or
(*b*) to any person, authorising him to fell or remove trees, timber or other forest produce from an undemarcated forest for purposes of trade.

(*2*) Every such license shall provide for payment being made by the licensee, at the rates prescribed for the time being, for all trees, timber or other forest produce taken, felled or removed thereunder.

Prohibition against injury to, or wasteful use of, trees.

5. No person who is authorised by or under these rules to fell, remove or take trees, timber or other forest produce shall injure or wastefully use any tree of a reserved species, or any tree which is over three feet in girth at a height of three feet from the ground whether in the course of collecting forest produce or doing any other act :

Provided that this prohibition shall not extend to the lopping of trees for the collection of *lac* by residents of the village within which they stand.

Felling of green trees.

6. Any person who fells a green tree under these rules shall cause the same to be cut as nearly level with the ground as may be feasible.

Delegation of powers.

7. The Deputy Commissioner may, by order in writing, delegate to the Forest Officer all or any of the powers conferred on himself by these rules, and may, by like order, resume any power so delegated.

DECLARATION.

No. 1421J.D.—The 28th June 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz, for the support of 4A Chotta Dhemo siding and that part of the Sanctoria Branch of the Bengal-Nagpur Railway which lies between mile 202 feet 4868 and mile 203 feet 353, and whereas coal-mines are situate under the said land, and whereas the Bengal-Nagpur Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the Dishergarh Seam beneath the Branch and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Bengal-Nagpur Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working :

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Bengal-Nagpur Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

(*a*) That the coal which remains under the acquired land shewn edged with pink on the plan shall be left unworked.

(*b*) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.

(*c*) This Declaration applies only to the Dishergarh Seam and to the area edged with pink on the plan. If it is desired to work any other seam under this area, the working thereof must be the subject of a separate notice under section IV of the Land Acquisition (Mines) Act, 1885, and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 111 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

Despatch to the Secretary of State, No. 204, dated 9th July 1908.
Despatch from the Secretary of State, No. 154-Financial, dated 13th November 1908.

The Governor General in Council has for some time had under consideration a scheme for encouraging public servants in India to make prudential savings.

2. After a careful consideration of the whole subject and full discussion with Local Governments it has been decided, with the approval of His Majesty's Secretary of State for India, to establish a General Provident Fund, subscription to which shall be compulsory in certain cases, as indicated in the attached rules, and which shall be open to all Government servants in superior service with the exception of (*a*) European members of the Indian Civil Service, (*b*) subscribers to the State Railway Provident Fund, and (*c*) any class of officers for whom a compulsory family pension fund has already been established.

3. The rules under which the Fund will for the present be conducted are attached to this Resolution. The Governor General in Council desires that a wide circulation may be given to these rules among all classes of officers affected by the institution of the Fund.

4. Subscriptions to the Fund should first be made on salaries becoming due on the 1st of August 1909.

Ordered that this Resolution be communicated to the several Departments of the Government of India; to all Local Governments and Administrations; to the Comptroller and Auditor-General and to all Accountants General and Comptrollers; and to the Heads of Departments subordinate to the Finance Department.

Ordered also that this Resolution be published in the *Gazette of India*.

RULES REGULATING THE GENERAL PROVIDENT FUND.

Scope of Fund.

The fund will be a general fund open to all civil officers in permanent pensionable posts in service which is superior within the meaning of Article 397 of the Civil Service Regulations; but it shall not be open to European members of the Indian Civil Service, subscribers to the State Railway Provident Fund, or any class of officers for whom a compulsory family pension fund has already been established.

Conditions of membership of new fund; closure of existing Provident funds.

2. As regards officers in the service of Government at the date of the institution of the new fund:—

(*a*) Officers in whose case subscription to an existing service fund is optional, or who are not entitled to subscribe to such a fund, will be permitted to join the new fund as optional subscribers at any time.

(*b*) Officers in whose case subscription to an existing fund is compulsory will be permitted to join the new fund as compulsory subscribers at any time within two years after its institution.

(*c*) When subscribers to an existing fund join the new fund, their accounts with the existing fund including any liability for the refund of advances, will be transferred to the new fund.

(*d*) Officers who join the new fund, whether as compulsory or as optional subscribers will cease to be eligible to subscribe to any existing Provident fund, with effect from the date of joining the fund.

(*e*) The rules applicable to subscribers to existing funds who do not exercise the option of joining the new fund will remain unchanged but all existing funds will be closed to new subscribers with effect from the date of the institution of the new fund.

3. As regards officers entering the service of Government after the institution of the new fund,—

(*a*) Subscription to the new fund will be compulsory in the case of all Europeans and Eurasians on attaining a substantive pay of Rs. 100 a month or more.

(*b*) All Europeans and Eurasians drawing less than Rs. 100 a month, and all Natives of India, will be permitted to join the new fund as optional subscribers.

(*c*) The existing service funds specified below will be absolutely closed to future entrants into Government service, namely, the Civil Engineers' Provident Fund and the Provident Funds of the Finance, Police, Geological Survey, Opium, Northern India Salt Revenue, Forest and Civil Veterinary Departments.

4. If an officer, who is entitled to subscribe to the new fund, is on foreign service, he shall be subject to these rules except where otherwise stated in the same manner as if he were not so transferred.

5. In the case of all officers the privilege of optional subscription will lapse if subscriptions are discontinued (otherwise than on leave) more than three times. In the event of such a lapse of subscription no right to withdrawal of the sum at credit of the subscriber will be recognised other than is provided for in rule 10.

Rate of interest.

6. Compound interest at 4 per cent. will be allowed on subscriptions; but Government reserve the right to reduce this rate at any time for officers who become subscribers to the fund after Government have announced their intention of reducing the rate.

Rate of subscription.

7. The monthly subscription must be not less than 6¼ per cent. and not more than 12½ per cent. on the salary of each subscriber for the month. If the officer is on foreign service, the subscription will be calculated on his assumed pay.

Within these limits a subscriber may alter his rate of subscription with effect from the beginning of any financial year, by giving notice before the end of the preceding year.

Subscription during leave.

8. Subscriptions on leave of any kind will be optional. Subject to the limits of 6¼ and 12½ per cent. they will be calculated on the allowances admissible during leave.

Realisation of subscriptions.

9. Subscriptions will be recovered by deduction from pay-bills, but they may be made by remittance in cash to the Audit Office when an officer is in foreign service, or is on leave and draws his leave allowances from a Colonial Treasury.

When a subscriber draws his leave allowances from the Home Treasury of the Government of India, his subscriptions may be paid by deductions from leave allowances, the remittances to India being effected by means of the remittance account between England and India, and the credit to the officer's account in the Fund in respect of such remittances being given at the rate of fifteen rupees to the £1.

An officer who desires to subscribe during leave must notify his intention beforehand in order to allow of the deductions from his leave allowances being noted in his leave and pay certificate. He will not be permitted to discontinue subscribing during leave.

Withdrawal on retirement.

10. (1) Subject to the provisions of this rule, the sum which accumulates to the credit of the officer will be his absolute property to be handed over to him unconditionally on quitting the service. In the event of his death before retirement (*a*) it will be divided between his widow or widows and children in accordance with any request that he may have submitted in the prescribed form, which request must state the person to whom sums intended for the benefit of minors are to be paid; (*b*) failing such a request it will be divided in equal shares between his widow or widows and children, to the exclusion of adult sons and of married daughters whose husbands are alive, any sum due to a minor being paid to the minor's legal guardian to be used for the minor's benefit, or, failing a legal guardian, to any person who, in the opinion of the officer whose duty it is to make payment, is entitled to receive it on the minor's behalf; (*c*) failing a widow and children entitled to participate under (*b*) it will be distributed among other persons in accordance with any request submitted by the subscriber in the prescribed form; and (*d*) if no such request has been submitted it will be paid to the legal representative of the estate, as determined by a civil court having competence to pass orders in this respect.

(2) Government will not be bound by, or recognise, any assignment or trust executed or attempted to be created by any officer during his service.

(3) The sum at credit of the officer is not liable to forfeiture on dismissal or on conviction by a Criminal Court except for an offence for which the penalty of forfeiture of the whole of the offender's property is prescribed by law.

Advances for special purposes.

11. No final withdrawal will be allowed until the subscriber quits the service or dies. But when the pecuniary circumstances of a subscriber are such that the indulgence is absolutely necessary, a temporary advance not ordinarily exceeding three months' pay may be allowed from the sum at his credit at the discretion of the sanctioning authority, who shall be—

(*i*) the local Government, for gazetted officers;

(*ii*) the head of the Department, for non-gazetted officers in receipt of Rs. 100 *per mensem* or over;

(*iii*) the head of the office, for other officers.

The following may be recognized as legitimate occasions for advances:—

(*a*) to pay expenses incurred in connection with the illness of a subscriber or a member of his family;

(*b*) to pay for the passage of any member of a subscriber's family coming from beyond the sea to join him, or requiring to make a journey beyond the sea from some urgent cause;

(*c*) to pay expenses in connection with marriages, funerals, or ceremonies which by the religion of the subscriber it is incumbent upon him to perform and in connection with which it is obligatory that expenditure should be incurred.

Advances will be recovered at the discretion of the sanctioning authority, in not less than twelve instalments or more than twenty-four. Recoveries will commence from the first payment of a full month's salary after the advance is granted or (in the case of advances to an officer going on leave) after the officer's return from leave. The instalments will be paid by compulsory deductions from salary, and will be in addition to the usual subscription.

12. The authority who sanctions advances may also, on a subscriber's application, direct the payment from the sum at his credit of—

(*a*) the premia upon a policy of insurance on the subscriber's life, which has been assigned to the Accountant-General;

(*b*) his subscriptions to a recognized pension fund.

Reservation of power to Government to alter rules.

13. The Government reserves to itself the power to amend or alter the rules as may be required.

Procedure.

Administration of the Fund.

14. The deposits received under the foregoing rules will be credited on the books of the Government to an account named "General Provident Fund." The general administration of the Fund will rest with the Government of India in the Finance Department. The Account Officer of the Fund for officers (including officers on Foreign Service) of the Survey of India, Forest, Civil Veterinary, Northern India Salt Revenue, Geological Survey and Finance Departments will be the Comptroller, India Treasuries, for the Public Works, Telegraph and Post Office the departmental Accounts Officer; in other cases the local Accountant-General, Comptroller, or Controller of Accounts.

15. A depositor must, when paying his subscription, whether his subscriptions to the Fund are recovered by deduction from bills, or paid in cash, specify the number of his account which will be communicated to him by the Account Officer concerned.

Yearly advice to depositors.

16. As soon as possible after the close of each year, each depositor will receive a statement of his account with interest made up to 31st March. Depositors are required to satisfy themselves as to the correctness of these statements; and unless errors in them are brought to the notice of the officer rendering the account within one month from the date of their receipt, Government will not be responsible for any sums not thus acknowledged.

17. Any depositor may, once in the official year, but not oftener, receive, on application to the Account Officer concerned, a copy of his account for the last official year and for so many months of the current year as may have been posted and agreed.

18. When under rule 12 of these rules, a subscriber is permitted to pay from the sum at his credit in the provident fund, premia upon a policy of insurance or subscriptions to a recognised pension fund, the sanctioning authority shall indicate, in consultation with the Account Officer, the exact account procedure to be followed.

Illustration.—If an officer paying 10 Rs. a month to the Bengal and Madras Service Family Pension Fund becomes under rule 3 liable to pay 10 Rs. a month to the General Provident Fund, but does not desire that the total monthly deduction from his salary shall exceed 10 Rs., he may be allowed simply to deduct 10 Rs. per month from his pay on account of the Family Pension Fund.

19. The Account Officer concerned will endeavour to secure by the issue of reminders that all depositors shall fill in the prescribed form the "request" provided for in Rule 101 (*a*) of the rules.

SENATE HOUSE,
The 3rd May 1909.

G. THIBAUT,
Registrar.

PATNA COLLEGE, BANKIPORE.

SESSION 1909-1910.

THE Patna College will open on the 5th July 1909. Applications should be made before this date and as early as possible. As the numbers which can be admitted are limited, preference will be given to Behari students who have read in the Patna College, or who have passed their University Examinations in the First or Second Divisions, and to Bengali students who have passed in the First Division.

Applications will not, except under special circumstances, be received after the 25th July 1909.

All applications received up to the 21st June will have prior claim, and orders will be passed on them on the 22nd. The maximum number of new admissions has been fixed at 152

Forms of application for admission may be obtained in the College Office.

The office will be open daily during the vacation from 7 A.M. to 10 A.M., except on gazetted holidays.

V. H. JACKSON,
Offg. Principal, Patna College.

Form of Application for Admission.

I DESIRE to join the class of the Patna College and to take up the following subjects*:—

I desire to reside

Every student must reside either—

(1) with parent;

(2) in a College hostel;

(3) with guardian;

(4) in a College mess (if there is not sufficient accommodation in the hostel).

Students who wish to live with guardians must fill in forms provided for the purpose at the time of admission or within one week of taking admission. Any further delay will incur a fine of annas 2 per day. If they are in any difficulty they may apply within that time to the Principal or Professor in charge for advice.

(*To be filled in by students.*)

Name of student:—

Father's name and occupation:—

Father's address or present residence:—

Recognised guardian's name and occupation:—

The place of residence and address of the guardian:—

Date of birth:—

Whether the student has a horoscope; if so, whether the age given agree with it:—

Religion and caste:—

The school or college from which he passed the division in which he passed and the year in which he passed the Entrance or F. A. examination:—

The following combination of subjects may be taken up:—

(1) For the Intermediate Examination in Arts:—

						For Second Year only.	
(*a*)	English, Sanskrit, or Persian. History. Logic.	(*b*)	English, Sanskrit, or Persian. Mathematics. Logic.	(*c*)	English. History. Logic. Mathematics.	(*d*)	English. Logic. Mathematics. Physics.

Midnapore Collectorate, the 22nd May 1909.

R. G. KILBY, Collector of Midnapore.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the East Indian Railway, Bhagalpur-Bausi section of the S. Railways, in the district of Bhagalpur, will be put up to sale locally at 10 o'clock on the 16th of August 1909, corresponding to the 15th Sawan, 2nd 1316 Fusli, or subsequent dates as may be postponed to.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway boundary or to plough the lands nearer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

RESOLUTION ON THE ANNUAL REPORT OF THE POLICE ADMINISTRATION IN THE TOWN OF CALCUTTA AND ITS SUBURBS FOR THE YEAR 1908.

POLITICAL DEPARTMENT—POLICE.

Darjeeling, the 21st June 1909.

RESOLUTION—No. 1260P.—D.

READ—

The Annual Report on the Police Administration in the town of Calcutta and the Suburbs for the year 1908.

Read also—

The Reports for the two previous years, and the orders of Government recorded thereon.

2. In the commencement of the report it is said that Mr. J. P. Feeny was placed in charge of one of the Divisions of the town on the 5th of November. The Lieutenant-Governor observes with satisfaction this beginning of the redistribution of the city into 4 instead of 5 divisions and the substitution of Deputy Commissioners for Superintendents in charge. No other important reform was introduced, but the scheme for the reorganisation of the beat system in the town and suburbs received the assent of the Secretary of State in September 1908, and will obtain a partial trial during the present year. At present, its complete introduction is delayed by want of funds, and a sufficiency of trained men to fill the increased cadre.

3. The continued indications of improved discipline in the force are a matter of congratulation. There is a further reduction in the number of departmental punishments, and a marked decrease in the number of officers and men judicially punished. The number of resignations and desertions is considerably smaller, although the number of the latter is still very large. A hope was expressed last year that the change of training ground from Calcutta to Bhagalpur would improve matters in this respect. This hope has to some extent been fulfilled. Recruitment at Nathnagore started from the 8th of July 1908, and between that date and the 31st December only two recruits deserted from that place. Unfortunately it was found necessary to continue the enlistment of recruits in Calcutta during the year in order to fill up the vacancies caused by the increase in the cadre of constables, and 78 recruits deserted from the Town Hall drill class. The general health of the force appears to have been good, as the percentage of admission into hospital was more than 20 per cent. lower than last year, and the average percentage of men absent daily from duty on account of sickness was 2·9 as against 3·4 in 1907.

4. There is a steady increase in the number of both officers and men in the force who can read and write, and the Lieutenant-Governor is pleased to observe that the numbers of those rewarded during the year by titles, good conduct stripes, presentations and sums of money has risen by nearly 60 per cent.

5. In the previous year there had been an increase of 251 in the number of burglary cases. The Lieutenant-Governor regrets to observe that the general upward trend is still maintained, and 55 more cases of burglary were reported this year than last. Against this may be set 245 cases ending in conviction, as against 190 in the previous year. It is to be hoped that the introduction of the beat system may provide a more effectual check on offences against property.

6. The number of cases instituted in the Courts of the Presidency Magistrates was 31,820, a decrease of a thousand as compared with the previous year. Of these 6·7 per cent., or 640 more cases than in the previous year were tried by the Honorary Magistrates. The Lieutenant-Governor is gratified to observe the public spirit displayed by these gentlemen and desires to render them thanks for the assistance they have given to the public and to the stipendiary Magistrates. In the previous year, the Lieutenant-Governor had occasion to note that the number of cases in which old offenders were convicted, of which Magistrates had disposed themselves instead of committing them to the Court of Sessions, was excessive. It was ascertained that out of 607 old offenders who were re-convicted for specific offences under Chapters XII and XVII, Indian Penal Code, only 28 were convicted at the Court of Sessions, although over 200 of the 607 re-convicted persons had more than 3 previous convictions and as many as 140 had over four previous convictions. The number of old offenders convicted in the present year is 715, of whom 232 had four or more previous convictions. Of this only 42 were convicted at the Court of Sessions, a proportion higher than that of last year, but still extremely low. In connection with the increase in the convictions of old offenders, it is satisfactory to note that the number of persons identified by their finger impressions rose from 1,020 in 1906 and 1,059 in 1907 to 1,392 in 1908. Another pleasing feature of the report is a large increase in the number of persons treated as first offenders under section 562, Indian Penal Code, although only an insignificant number of these were in cases tried in the Alipore and Sealdah Police Courts.

7. The Lieutenant-Governor observes that 13 deaths were caused during the year by motor cars as compared with 5 in the previous year. The number of cars licensed has increased by about 40 per cent., but the number of fatal accidents has risen out of proportion. It is true that in all but one of these cases the driver was exonerated at the inquest from all blame; but although there may have been no evidence to implicate individuals, the increase in the number of accidents argues an increase in reckless driving, and it would appear necessary that the Commissioner of Police should take steps to prosecute those who drive to the public danger, even where no fatal accident occurs.

8. The year under review has been one of stress and excitement in Calcutta. Early in the year the Hindu festival Ardhodaya-Yog took place after an interval of 20 years and much care and forethought had to be expended upon the arrangements for the crowds of pilgrims who flocked from all parts of India. The festival passed, however, without any untoward results, thanks to some extent to the useful work done by private persons. The year, however, will always be memorable for the discovery of the Maniktola Conspiracy on the 2nd May and the prosecution of those who were arrested before the Sessions Court at Alipore and the High Court in Calcutta. Connected with these cases were the murders of Norendra Nath Goswami, who had given evidence against the other accused while a prisoner in the Alipore Jail, and of Sub-Inspector Nundo Lal Banerji of the Bengal Criminal Investigation Department, who had traced one of the accused in the Muzaffarpur murder case. The former murder, which was committed by persons actually in custody in one of His Majesty's prisons, is unique in the history of Bengal. The latter was carried out by several persons in a crowded bazar, and not only was there no attempt on the part of any of the bystanders to protect the victim or arrest the murderers, circumstances indeed not altogether unprecedented in such cases, but up to the present the criminals remain undiscovered. Finally on the 7th of November a determined attempt was made on the life of His Honour Sir Andrew Fraser, then Lieutenant-Governor of Bengal, by a young student who fired a revolver point blank at him as he was entering the Overtoun Hall in College Street, where a lecture was about to be delivered. The attempt must have succeeded but for the extraordinary fact of the revolver twice missing fire, and the prompt and courageous intervention of Mr. Barber, General Secretary of the Young Men's Christian Association, and the Maharajadhiraja Bahadur of Burdwan.

9. The conduct of the police throughout this trying year has been worthy of the highest commendation. His Honour notices with pleasure the Commissioner's appreciation of his superior officers, and he desires to thank all ranks of the force, and especially Mr. Halliday, for the excellent work which they have accomplished during 1908. In a time of great strain and excitement the demands on their energies by cases of a new order and of the most momentous importance have been met without neglect of their regular duties. The allegations to the contrary so frequently made in some sections of the press are disproved by the statistics in the Commissioner's report, which show a steady progress in dealing with all kinds of crime, notably in bringing to book old offenders, which may be regarded as one of the highest tests of police work.

ORDER—Ordered that a copy of the Resolution be forwarded to the Commissioner of Police, Calcutta, for information and guidance. Ordered also that a copy of the Resolution be forwarded to the Chief Presidency Magistrate, Calcutta, the Commissioner of the Presidency Division, the Chairman of the Corporation of Calcutta, and the Municipal Department of this Government for information. Ordered also that a copy of this Resolution be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

F. W. DUKE,

Offg. Chief Secy. to the Govt. of Bengal.

RESOLUTION ON THE ANNUAL REPORT ON EMIGRATION FROM THE PORT OF CALCUTTA TO BRITISH AND FOREIGN COLONIES DURING THE YEAR 1908.

GENERAL DEPARTMENT—EMIGRATION.

Calcutta, the 29th June 1909.

RESOLUTION—No. 2472.

READ—

The Annual Report on Emigration from the Port of Calcutta to British and Foreign Colonies during the year 1908.

The most important legislative measure of the year under review was the consolidation in one Act (XVII of 1908) of the laws relating to colonial emigration, which were previously scattered throughout seven Acts. An amending Act (Act XII of 1908) was also passed to empower Local Governments to appoint more than one Medical Inspector of Emigrants, and also to exempt from the operations of the Indian Emigration Act subjects of foreign powers embarking from ports in British India for employment in any country beyond the sea. The despatch of emigrants to Fiji was previously forbidden from the 7th October to the 20th February, in order that they might not arrive there during the hurricane months. The Government of Fiji, however, represented that, as powerful steamers are now employed for the conveyance of emigrants, and as the health of Indian immigrants is as good during these months as during the rest of the year, this restriction is no longer necessary. Amendments were therefore made in the statutory rules to permit of the despatch of emigrants to Fiji in steamers at any time of the year.

2. Six Emigration Agencies were at work, as compared with seven in the preceding year. Of these Agencies five despatched emigrants to British colonies, and one worked on behalf of the Dutch colony of Surinam. There was an increase both in the number of emigrants required by the colonies and in the number supplied: 9,276 adult labourers were requisitioned and 10,160 were supplied as compared with 8,414 and 6,889 respectively in the year 1907. Natal and Jamaica received the full number of emigrants required; while the number supplied to Fiji and Surinam exceeded the demand. In the case of Demerara and Trinidad the number requisitioned was not supplied in full, only because the vessels employed had not sufficient accommodation. There was no demand for labour for Mauritius.

3. The total number of emigrants registered was 17,748, or 4,588 more than in 1907. As in previous years, the majority (87 per cent.) of the emigrants was recruited in the United Provinces of Agra and Oudh, and principally in the districts of Fyzabad, Basti and Gonda. Of 17,807 emigrants admitted to sub-depôts, 3,030 were rejected as unfit to emigrate. From Calcutta depôts 10,519 embarked, or 3,341 more than in 1907; and 830 recruits were retained in the depôts for despatch after the close of the year. The largest number of labourers (3,039) was sent to Fiji, and the smallest number (405) to Jamaica. Three hundred and eighty-three returned emigrants re-engaged, as against 284 in the preceding year.

4. The sanitary arrangements in the depôts were satisfactory. There was a noticeable decrease in the number of cases of cerebro-spinal meningitis; and the percentage of mortality among the emigrants accommodated in the depôts was ·55 against ·74 in the preceding year.

5. Steamers were more largely employed in the emigrant traffic than before; the figures being 12 steamers and one sailing vessel as compared with 7 steamers and 3 sailing vessels in 1907.

6. Four thousand one hundred and ninety-seven emigrants returned from the colonies during 1908, bringing with them savings amounting to over seven and one-third lakhs, the average for each emigrant being Rs. 175, as compared with Rs. 178 in the preceding year. On the other hand, 2,435, or

slightly over one-third of the total number, brought back no savings at all. Of this number, however, 875 were children. As in previous years, the immigrants in Natal sent the largest remittances by money-orders. The total amount so sent from that colony was over nine lakhs.

7. The office of the Protector of Emigrants was held throughout the year by Dr. Banks, to whom the thanks of the Lieutenant-Governor are due for his careful administration.

By order of the Lieutenant-Governor of Bengal,

J. G. CUMMING,

Offg. Secy. to the Govt. of Bengal.

GENERAL SUMMARY.—Rain fell in all districts excepting in Saran. There was a heavy thunderstorm at Bhagalpur, but the rainfall was local. Sowings of *bhadoi* crops still continue. Transplantation of winter rice has commenced in some districts; weeding of jute is also in progress. Prospects of standing crops on low lands in Purnea and of jute in Darjeeling have deteriorated owing to the recent heavy rainfall. *Til*, jute and sugarcane have been partially damaged by floods in the Kandi subdivision of Murshidabad. Some damage to crops by insect-pests is reported from parts of Jessore. The price of common rice has risen in the markets in Burdwan, Patna, Bhagalpur and Cooch Behar, and has fallen in Midnapore, Saran and Muzaffarpur. Cattle-diseases are reported from Midnapore, Jessore, Patna, Monghyr, Purnea, the Sonthal Parganas, Sambalpur, Ranchi and Palamau. The fodder and water-supply is sufficient throughout the Province. The figures for the number of persons on test-works in Bhagalpur have not yet been received. The famine relief-works in Darbhanga were attended by 5,570 persons. Gratuitous relief was given to 29,059 persons in Muzaffarpur, Darbhanga and Palamau.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; d, drizzling rain; p, passing temporary showers; t, thunder; ≤, lightning.
